A FEW BASIC POLICIES: Class and seminar fees are non-refundable and non-transferable unless the class or seminar is canceled by The Apple Tree. Class and seminar fees are for tuition only and do not include supplies unless otherwise stated in the class description. There are prep instructions and a supply list for each class. Please pick these up for your class at the shop prior to class. All sales are final. We will refund or exchange defective merchandise only. Class painting surfaces must be purchased at The Apple Tree for the particular class you are taking. Nothing from your "stash", please! An alternate surface may be substituted as long as it, too, is purchased at The Apple Tree for the class. Out of consideration for the designers in our industry, student purchase of currently published pattern packets used for the class design is required. Cameras and other recording devices may not be used in the shop. Please make every effort to come to class prepared to paint.

If you must miss a class for any reason we encourage you to make an appointment to watch the video tape of the class. You may simply take notes or bring your supplies and paint along with the tape. It's the next best thing to actually being there.
